Please describe below the work practices and procedures to be employed in conducting the abatement of asbestos. **BE SPECIFIC.** Indicate type(s) of ACBM to be abated (e.g. VAT, ceiling tile, TSI, etc.). Use another page if necessary.

The removal, clean up, and proper disposal of 7,776 square feet of asbestos containing drywall walls, ceilings, lino and overspray located on 1st, 2nd and 3rd floors of the apartment building from the kitchen, living room, bathroom and room hallway. There are 24 units in the building and three hallways. The asbestos containing material will be removed within a full containment with negative air pressure. An attached employee decontamination unit will be attached to the work area for proper employee decontamination and a direct waste loadout will be erected and the waste will be loaded into properly label containers for disposal. Asbestos materials will be removed utilizing hand removal methods using hammers and pry bars with wet removal procedures using an airless sprayer including HEPA vacuuming and wet wiping. The ACM waste will be disposed of at a state approved landfill located at 10000 Squirrel Creek Road.

ASBESTOS ABATEMENT PERMIT

This permit is granted subject to Colorado Air Quality Control Commission Regulation No. 8, Part B, adopted December 21, 2007, and effective January 30, 2008, the Colorado Air Pollution Prevention and Control Act (25-7-101 or 25-7-501 et seq., C.R.S.) and the following provisions. It is only for the purpose of allowing asbestos abatement.

ADDITIONAL PERMIT PROVISIONS:

By performing work under this permit the abatement contractor agrees that the Division may revoke or suspend this permit should the Division find that the contractor:

- has violated or has aided and abetted in the violation of 25-7-101 or 25-7-501 et seq., C.R.S. or Regulation No. 8, Part B, or an order of the Division or Commission,
- has failed to meet any permit and notification requirement or failed to correct any violations cited by the Division during any inspection within a reasonable period of time, as may be determined by the Division,
- has used misrepresentation or fraud in obtaining this permit, or,
- has committed any act or omission which does not meet generally accepted standards of the practice of asbestos abatement.

As a contractor, you may be subject to other licenses and permits, depending on the requirements of the county and municipality in which the work is being performed. The Colorado Department of Public Health and Environment, Air Pollution Control Division strongly suggests that you check with county and municipal authorities in order to determine any other local building/permitting requirements that must be met.

THE ORIGINAL PERMIT MUST BE POSTED ON SITE AT ALL TIMES.

Immediately notify the Asbestos/IAQ Unit of project modifications by fax (number above) or e-mail (address above) and the appropriate county health department by fax. Project modifications include changes in the scope of work or the scheduled work dates, etc.

This asbestos abatement permit is valid beginning 4/22/2019 through 11:59 PM on 4/20/2020.
The actual scheduled work dates are from 4/22/2019 through 5/17/2019.
