## NOTICE OF POSSIBLE PERMIT REVOCATION

Dear Mr. Wurfel:

From information provided to the Colorado Air Pollution Control Division ("APCD"), it appears that your company's source No. 045-0115-001 (Permit 91GA564.XP) is subject permit revocation.

The APCD has conducted a full investigation and determined that this source is no longer in business based on one or more of the following criteria:

- failure to submit required Air Pollutant Emission Notices (APENs).
- the appearance of no longer being in business at the address on record.

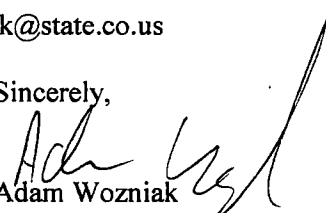

This letter serves as notice that the APCD will initiate proceedings to revoke permit number 91GA564.XP. If you wish to provide written data, views, and arguments concerning the facts and conduct detailed above, please contact the APCD within thirty (30) days of the date of this notice. Failure to respond to this notice within thirty (30) days will result in the revocation of permit number 91GA564.XP.

If the permit is revoked, you may request a hearing in accordance with Regulation No. 3, Part B, § III.F.3., and Colo. Rev. Stat. § 25-7-119.

If source No. 045-0115-001 (Permit 91GA564.XP) is no longer operational or in business, please submit a cancellation of any associated air pollutant permit(s) you hold so that your facility may be properly closed out of our emissions inventory.
